

Dear Mark,

Thank you for the opportunity to respond to the Consultation Document - Review of Current Live Entertainment Services Compensation Scheme Arrangements.

It is Oxygen8's opinion that the current scheme has worked well over the years and has consistently regulated the entrance into the Live Entertainment space. However, it would appear under the circumstances that the deposit is superfluous.

There is a requirement for a continue control into this Live Entertainment space and we would therefore submit our formal response that the existing Scheme Arrangement should be modified to release the deposits, but leave in place the requirement for the bond.

Should you require any additional information in support of this opinion, please do not hesitate to contact me.

Regards

COLIN WHITE
